Washington, DC - Congressman Bruce Braley (D-Iowa) announced today a \$3.4 million grant for the State of Iowa from the US Department of Transportation. Iowa will use the funds to purchase 29 new vehicles that meet federal standards set by the Americans with Disabilities Act.

"Public transportation plays a crucial role in the lives of many Iowa families," Braley said. "It's important that we provide safe transit that is accessible to all Iowans. This grant will expand and improve the outstanding service that Iowa already provides workers and residents."
